

An Informative Full-day Seminar:

# *Supervisor's Role...* *In Safety and Health*

## *1 Who Should Attend . . .*

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOsha).

## *2 MIOsha Training Institute*

MIOsha Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOsha Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TEC<sup>SM</sup> facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at [www.michigan.gov/mti](http://www.michigan.gov/mti).

## *3 What You'll Learn . . .*

This seminar is designed for both general industry and construction first line supervision, safety and health committee members, and management personnel. Topics covered include employee safety and health training, accident investigation, hazard recognition, and self-inspection techniques. This program gives tips to supervision on methods to integrate health and safety into their daily duties and responsibilities. Using MIOsha General Industry and Construction standards and required written programs as a baseline, supervisors are given suggestions to improve their safety and health hazard recognition skills.

### **Agenda**

*We offer a flexible  
program agenda  
to emphasize the  
health and safety  
topics you  
want most.*

#### Participants will learn to:

- ▶ Identify a supervisor's major duties and responsibilities and how to integrate duties for safety and health.
- ▶ Recognize workplace hazards and corrective actions.
- ▶ Review common MIOsha General Industry and Construction violations.
- ▶ Identify required job specific training.
- ▶ Identify how to conduct a self inspection.
- ▶ Conduct an accident investigation and complete associated paperwork.

***This course has been approved for both residential builders  
pre-licensure and continuing safety training requirements.***

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

# Facilitator

John Bodnar comes to the CET Division from MIOSHA's General Industry Enforcement Division where he covered Michigan's Upper Peninsula as a Senior Safety Officer. John has a background of over 25 years in Occupational Safety, Health, and Emergency Services and Operations.

Prior to working for MIOSHA, John worked in the private sector as a consultant and trainer to the Natural Gas and Oil Industry. Among many disciplines, his background includes certifications and experiences as an EMT- paramedic, hazardous materials response team - team medic and trainer, confined space technical rescue and response - team medic and trainer. John has been certified as a mine safety and health administration trainer, breath alcohol technician, traffic accident and criminal investigator, OSHA 10 and 30-Hour authorized trainer for General Industry and Construction, and occupational hearing conservationist. John continues to serve the employers and employees of Michigan's Upper Peninsula as a MIOSHA Consultant.

Presenters: John Bodnar, Senior Occupational Safety Consultant and Robert Atkins, Occupational Safety Consultant; MIOSHA, CET Division
